# COMPANY OVERVIEW

We are now 12 years old and have a good client list including some of the top resort chains. We started slow and we controlled our expansion as we are a self-financed company rather than relying on heavy bank loans or lendings. We do regularly supply to Maldives, Mauritius and Seychelles.

Our target is to reduce workload for our clients by us doing the needful for their procurement needs. We believe in keeping our customers happy by providing them with products at a very competent price. With our excellent staff, timely response and attitude of, "Never say no to a client" regardless of order size or profit margin gives a good advantage.

Since most our clients are from Maldives, to smoothen our logistics and also to research and venture in to different projects, Zacom Holding Private limited is formed. Mr. Mohamed Moomin was appointed the Managing Director who reports to Chairman Captain Yoosuf Saeed.
